EXPERIENCE

Security Training and Awareness Intern — Ciena *June 2026 – August 2026*

- Supported security training and awareness initiatives for a global technology infrastructure company operating in a Microsoft 365 environment.
- Built and maintained SharePoint pages, including a showcase page highlighting AI-driven process improvements across the team.
- Designed and automated Power Automate flows, including a media intake system incorporating JSON parsing.
- Developed Microsoft Loop-based projects to support team collaboration and knowledge sharing.
- Authored an ownership transfer guide documenting the SharePoint/Power Automate media intake system to ensure continuity after the internship concluded.

IT Intern — International Association of Privacy Professionals (IAPP), Portsmouth, NH *June 2025 – August 2025*

- Provided help desk support under the IT team, including onboarding and offboarding processing.
- Deployed new equipment to incoming employees and securely decommissioned used technology.
- Shadowed cross-functional projects, including focus teams for deployed web services, Azure AD and Admin Portal administration, and Jira-based workflows.

Valet — Roberto's Restaurant, Ogunquit, ME *June 2023 – August 2026*

- Delivered efficient, customer-oriented valet service, parking and retrieving vehicles in a fast-paced environment while maintaining a professional demeanor.

Head Lifeguard — Stage Neck Inn, York, ME *June 2019 – August 2024*

- Managed pool operations and trained and certified lifeguard staff to ensure a safe, enjoyable experience for Private Pool Club patrons.
- Conducted club check-in for guests and coordinated parking lot logistics, including for special events at the Inn.
